

## **FRANK TURNER AWARD - 1994**

### **Gwyneth Kingham**

I noticed that Gwyneth was always one of the workers. Whatever the event, she was there to help in any way possible to make it a success. There is a saying, "If you want anything done, ask a busy person". Gwyneth was just such a one, involved as she was in music and languages and her teaching career. Gwyneth was elected president in 1985 and during her term brought new life into the club. Membership increased, and there was a renewed feeling of enthusiasm, which has not lapsed to this date.

She never failed to attend meetings, even though this entailed driving from her home, in Cobble Hill, in all kinds of weather. Gwyneth and husband Bruce have travelled extensively and have presented most interesting slide programs of their adventures. Two years ago, she gave a program at the Abbotsford Photo Arts seminar in Clearbrook. It was at this time she was named director of the western Canada Zone for PSA - the Photographic Society of America.
