

Reprise reunites three Victoria lens-based artists. After their successful collaboration last fall at the Gage in *Light Reigns, Shadows Rule*, the trio is expanding in new directions. Clare is pursuing street photography and mixed media; Anne McCarthy of the VCC is continuing to explore the intersection between photography, photomontage and multimedia; Ron Charles of the VCC, is delving into more antique processes such as pinhole cameras.

The artists are supporting the work of Rainbow Haven in this exhibition.
